

Backyard Composting

FREE AND OPEN TO THE PUBLIC

NO REGISTRATION REQUIRED

Tuesday, May 9, 2017

7:00 p.m. - 8:15 p.m.

Gallery Space

Cosponsored by the Garden Club of Monroeville

Join us for a presentation about turning your kitchen scraps and pesticide/herbicide-free lawn clippings into treasure! Since 1998 Ellen C. Keefe has been passionate about teaching others how to recycle and reduce waste by making healthy compost. She also discusses the microscopic structures of compost and recent research regarding the benefits of it.

Ellen Keefe is Executive Director of the nonprofit Westmoreland Cleanways and Recycling in Latrobe, PA. Ellen is also a Derry Township Municipal Authority Board Member and was Board Chair for the Latrobe Municipal Authority. She attended Robert Morris University's School of General Business Administration and Management and is a Certified Recycling Professional. Last year Ellen spoke at Monroeville Library regarding the work of Westmoreland Cleanways and Recycling.
